

**April | May 2007**

Dear Unity Family,

When the meaning of Easter comes into our heart, we will feel uplifted, and joy will be expressed in our life.

Jesus did not rise triumphantly from the grave just to show us what an all-conquering man He was so that we would worship Him. He wanted to show us what is in every person. He wanted us to understand the transcendent power that is in you and in me, that we may also rise triumphant out of every experience and out of every limitation. There is so much more in the depths of our being than we have ever realized.

Easter is a good reason for resurrecting some of the tremendous, life-giving ideas that have been lying dormant in us.

Jesus did not leave us alone to

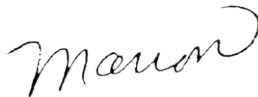

work out our salvation but He said, "Lo, I am with you always," and again when talking to His disciples, He said, "These things have I spoken unto you, while yet abiding with you. But the Comforter, even the Holy Spirit, whom the Father will send in my name, He shall teach you all things, and bring to your remembrance all that I, said unto you."

So we train ourself to listen to the instruction of the Holy Spirit within us. And this Spirit, which has been with us from the beginning of time, reveals to us wonderful truths about our spiritual nature and its power and possibilities. It brings to our remembrance the truths that Jesus taught.

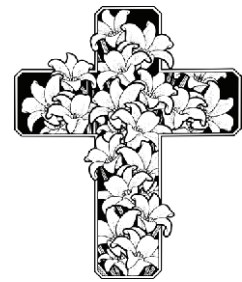

We may think of Jesus' resurrection of His body temple as being one mighty act of faith. But from Jesus' youth, and perhaps for eons before this, He was working on the ideas that would bring Him to the Resurrection.

We sometimes like to say that Christ died for us, but more important, He said, "Because I live, ye shall live also!"

Love & blessings,

Reverend Marion

# The Power of Prayer

Throughout the world there is a bond of feeling between people. Our ways of prayer are different, but we are all seeking the same source of wisdom, understanding, inspiration, and right answers in order to enjoy living. Instinctive in all mankind is the need to come up higher.

In Unity, our way of prayer is simple, based on the teachings of Jesus. We use the affirmative method which lays hold of the idea needed. The goodness of God and the love of God pour through us and upon us, and we appropriate our good through affirmative prayer.

Prayer releases power into any situation and changes it for the better. Prayer is cumulative. The power released through prayer is tremendous power, great enough to change each individual's life and to change the world for the better.

Each individual needs to make contact with a power greater than his own personality. Call this power what you will—Good, God, Divine Mind, the All Knowing Mind – we need to contact this power which will release its forces unto our being to heal us, to illumine us, to help us reach a higher level of

spiritual awareness.

We in Unity know that the “the place on which you are standing is holy ground.”

You stand on holy ground, because you are holy and because you are created in the image likeness of god.

If you would like our prayer help at this particular time write to us and state your needs. Our minister and our prayer partners will pray with you. We will help you to arouse that strong, spiritual nature with in you so that you can depend on the power of God for guidance inspiration, health, and strength. You will be shown how to be strong and well, how to release the strength of your own spiritual nature.

We love people; we have devoted our church to helping people, and we want to be of help to you in solving any problem.

We are asking you to pray with us. We send out prayer thoughts to all of you who write and call. We join you in spiritual conscious.

Love & Blessings from your Board of Directors.

# Spiritual Awakening

"I have no silver and gold, but I give you what I have; in the name of Jesus Christ of Nazareth, walk."  
-Act 3:6

These words of Peter to the lame man teach me to be sensitive to the needs of the people around me.

I pray that I can give what is mine to give, trusting that whatever I give will be real blessing. Let us affirm together...

I can give my time.

I can give my love, support, and understanding.

I can give a gift of joy and laughter.

I can give my patience.

I can give encouragement.

I can give my companionship.

And, most important, I can give my prayers.

Are there people in need of healing? I affirm the Truth: God's life vitalizes, energizes, and restores all to perfect health.

Are there people in need of comfort? I offer a blessing of love and see the Spirit of God supplying the needed comfort—uplifting, upholding, and sustaining those in need.

I give cheerfully.

I give abundantly.

I give from a heart overflowing with God's love.

And each day I pray to God, the source of all spiritual qualities, so that I may develop those qualities in my mind and hear to use in helping others.
